

## Day 2: Basic Probability

### Objective

In this challenge, we practice calculating probability. Check out the [Tutorial](#) tab for a breakdown of probability fundamentals!

### Task

In a single toss of fair (evenly-weighted) six-sided dice, find the probability that their sum will be *at most* .

- ☐  $2 / 3$
- ☐  $5 / 6$
- ☐  $1 / 4$
- ☐  $1 / 6$
